

Village of Chaumont
Planning Board Minutes Nov. 11, 2024
Regular Meeting

The regular Nov. meeting of the Chaumont Village Planning Board was conducted in person Nov. 11, 2024. This meeting was called to order by Chairman Stumpf at 6:35 pm, in the Town of Lyme office building. Board members in attendance, Bryan Stumpf, Mark Morina, Jennifer Sosa, Nolan Pitkin, Rob Stevenson and Village Board Liaison Doriann Froelich.

Old Business:

- Mins from Oct. Nolan motion to approve, Mark seconds the motion
- There was a proposal for a crosswalk across Memorial Park — either between Williams residence and Wise Guys, or between Watertown Savings Bank and Wise Guys. The VPB would actually be giving unanimous approval to recommend it to the VBT would then recommend the change to NYDOT, Mark seconded, unanimous ayes, in favor.
- The issue up for discussion: parking on the side streets are causing blockage of traffic flow and are causing blind spots on streets for turning which is a safety issue. Looking at options that are available to fix this issue.

New Business:

- VPB parking will be prohibited at all times in safety zone areas within the Village, all businesses adjoining village side streets of main street with business structures within 200 ft of any crosswalks. Must allow the village to establish marked safety zones between the edge of the side street and the businesses primary structure. All businesses have to allow all safety zones to extend up to 75 ft from the centerline of main street and to extend up to 10ft wide along the side street. There also is going to be a line added to distinctly show where the road ends on the side streets. Rob makes a motion and Mark seconds it, all in favor!

Meeting adjourned at 7:35pm Nolan motion, Mark seconds all in favor

Sincerely,

Jennifer Sosa
Secretary
